

Visa Information

Nationals from some countries cannot enter Spain without a visa. The attached list should be consulted to find out if a visa is required.

Should a visa be required, please contact the Spanish Embassy or Consulate in your country of residence after 1 September 2007. It is each participant's own responsibility to obtain a visa where necessary.

Please note that the average time for obtaining a visa can be from two to six weeks from the date of application. The cost of visas varies depending on the intended length of stay, etc.
